- Questions ?

INTRODUCTION & TARGET AUDIENCE

☐ **Target Audience**

▪ People who often eat out at a restaurant

▪ People who own a restaurant

CURRENT PROBLEMS

☐ **Customers:**

1. Long waiting time

2. Noisy，crowded and narrow waiting environment

☐ **Restaurants:**

1. - Loss of customers

2. - Unable to provide efficient service

REPORT
A PROBLEM

③

SOLVING PROBLEMS

- **Online Queuing**

- Problem solved: disperse waiting crowds, create a more pleasant waiting environment

- **Publish Estimated Wait Times**

- Problem solved: minimize wait times, free customers to shop while they wait

- **Order in APP**

- Problem solved: allow restaurants to prepare order in advance to save customer waiting time
